GREATON SUGGESTS SEE MAINE FIRST

Maine residents can improve their own economy by spending more of their vacation time here in their own state.

Recreation Director Everett F. Greaton of the Department of Industry and Commerce said today: "I don't mean that we should not reciprocate for the splendid business others give to Maine. We should not be Will-O'-the-Mill, stay-at-home, by any means. But every dollar we spend in our own state is as good as two dollars from outside."

Greaton emphasized that residents should "See Maine first". The State Recreation head added: "Maine is geared to accommodate vacationists. This was one of the very first states to seek this type of business. The response from outside is tremendous. Still, our season is short and the added revenue from our own residents may mean the difference between the success or financial failure of some establishments."

Greaton cited an instance at Boothbay Harbor as typical of many others. The Passenger Boat Association there includes 10 members with boats worth more than half a million dollars. Every type of cruise to islands and along the beautiful Maine coast is offered, yet clientele is very largely made up of out-of-staters, according to the Recreation head.

"Up and down and across this grand state we have everything to offer vacationists," he concluded. "While we are selling it to others, let's not forget Maine ourselves."

ONE EQUALS FORTY!

If you saw forty cars parked bumper to bumper on the road ahead of you, you'd take a pretty good look up ahead and be sure the way was safely clear before trying to pass that line-up, wouldn't you? Well, that's what it amounts to if you're traveling 90 miles per hour, you try to pass another car doing 40 miles per hour. So, our State Police advise, pretend that the moving car ahead is about forty of them standing still—take a good look—and be SURE!

COMMENTS FROM THE TOWN MANAGER'S OFFICE

We are pleased to tell you that the State Aid road construction is practically completed, with the exception of surfacing. Due to the fact that the State can purchase surfacing material at a price slightly less than we can it seems well to have them apply the surface treatment. As you know it was voted at town meeting to appropriate a sum of money to rebuild the lower part of Paradise Street, and lay a new sewer part way. Plans are underway for this work; we expect to start this job this week. I would like at this time to make public acknowledgment of the very prompt and courteous consideration we are receiving from the Van Telephone Co. in moving their wires to the opposite side of the street, which is a very real help at this time.

Thank you,
O. T. Rozelle

PONY LEAGUES TO MEET "GRUNT AND GROANERS" IN BAZAAR BALL GAME

One of the many highlights of the 1956 Bethel Bazaar will be a contest slightly resembling a baseball game between the local Pony League team and a group of local color-better known as the Grunt and Groaners. It will be played at 2 p. m. at the Gould Academy Athletic Field and should be well worth a few minutes of your time on that busy afternoon.

No definite lineup has been selected as yet, in fact, many of the contestants will be very surprised to see their names here. It is expected that everyone will cooperate for such a worthy cause and contribute at least an inning of their finest. Those expected to see action include Charlie Helms, "Red" Berry, Joe Hillier, Rolly Gilman, Ronnie Kendall, Dick Young, Horace Lyons, Howard Cole, Mike Thurston, Wilbur Myers, Norm Greig, Harold Young, Bob Mills, Dale Thurston, Joe Roderick, "Red" Rice, Earl Hutchins, Walt Jodrey, "Chas" Brownell, Bert Newton, Jimmy Proulx, Lam Bartlett, Stan Davis, Bob Keniston and many others.

Two numerous to mention, Dana Doughton and Pete Baker will direct operations from behind the plate during alternate innings. The only player expected to appear in uniform is Ken Wing provided the influx of Canadians isn't too great.

Kimball Ames, Sam Smith, Gary Guernsey and John Carter have been selected to maintain law and order and man the stretchers.

It sounds like a lot of laughs, so drop down and join in the fun. Who knows you may become the starting pitcher.

BRYANT POND BAPTIST CHURCH TO OBSERVE 100TH ANNIVERSARY

The Bryant Pond Baptist Church will celebrate its one hundredth anniversary during the week July 23 through August 5. Rev. G. E. Lindahl is General Chairman of the centennial observance, and the Board of Deacons, H. K. Stowell, chairman, comprises the Program Committee. Other committees include Publicity, Robert McKeen, Jr., chairman; Supper, Mrs. Porter, chairman; and Pageant, Miss Clara Whitman, chairman.

The Bryant Pond Baptist Church was organized in 1855 and the building erected the following year. The first settlers of Woodstock in which the village of Bryant Pond is located were Baptists and religious interest commenced with them before the start of the nineteenth century. The original history of the church began in 1828 when a branch of the Paris Church became the Paris and Woodstock Church, taking in Baptists from the south-east part of the town of Woodstock and the northeast part of the town of Paris, Paris Harbor, or North Paris, was then the meeting place of this Paris and Woodstock Church, and the first delegates to the Association were sent in 1828.

In 1829 the membership of this Church fell away due to the formation of the Woodstock and Greenwood Church and again in 1835.

By the formation of the Bryant Baptist Church the Woodstock and Greenwood Church took Baptists from the west part of the town and the east part of Greenwood, holding meetings in the Bryant neighborhood of Greenwood and in the Whitman section of Woodstock.

In 1855 this Church disbanded and became part of the Bryant Pond Church.

In 1870 nineteen persons from the Bryant Pond Church were dismissed to form the Greenwood United Church, later this group united with the Bryant Pond Baptist Church.

The Bryant Pond Church was formed by a uniting of the Hand's Gore Church which was organized in 1837; the Woodstock and Greenwood Church and a part of the Paris and Woodstock Church.

Following the erection of the building which is still in use, the dedication service was presided by Rev. Adam Wilson. The church (congregation) was organized.

Following the dedication service, singing and preaching were held. The church has since that time been a place of worship and all have united in conversation on the Lord's Day.

Grundy School was organized in 1855, the Women's Home and the Missionary Society in 1857. The Ladies Aid in 1903, the Christian Endeavor Society and the Grange Hall and Home Department in 1907. The first service pastor was Rev. H. A. Brown who served from 1907 to 1909. The parsonage was purchased in 1902 (other parsonages have been: Rev. C. B. McKenney 1903-1904; Rev. D. L. A—The bill calls for construction of 41,000 miles of interstate highways, over a period of 12 years at a total cost of \$42.9 billion, \$27.7 to be paid by the Federal government and \$15.2 billion by the states. Federal funds for the first three years are to be allocated—two-thirds on a population basis of the states; one-sixth on urban road mileage, and one-sixth on rural road mileage. After that time allocation will be determined on a basis of needs. The tax portion calls for an additional \$14.8 billion on highway users between July 1, 1956, and July 1, 1972 to include: one-cent hike in federal gas tax, diesel fuel and other special motor fuels; a boost of 3 cents a pound on tires, and a new tax of 3 cents a pound on retread rubber; a two per cent raise in the 8% manufacturers tax on trucks, buses, truck trailers, etc.; a new annual tax of \$1.50 per 1,000 pounds on the entire weight of trucks and buses weighing over 26,000 pounds, and a floor stock tax on gasoline, tires, retread rubber, trucks, buses and truck trailers in the hands of dealers on July 1, 1956.

What is the answer? The military opportunity is easy. There is no service in taking steps, as in the knowledge or understanding, the President's new "Code of Conduct" among United States uniformed men. But these steps, Major Mayfield history and philosophy, the federal, state and community or of the way. To quote him again, "Informed parents and teachers of rights, freedom safeguards and can give American youngsters the how three things supposedly operate—understanding, the pride and the role within his own system. That was written in 1951 by the Chief of Intelligence of Red China's army to North Korea. Thus, it is an enemy approach. But there is truth to it, as a top American authority has now testified.

The authority is Major William E. Mayer, a former Navy officer who saw service in Korea with the Marines. He has been an Army medical officer in later years. He was the medical psychiatrist member of an intelligence team which studied prisoners of war from North Korea. Two hundred of these former prisoners were personally examined along with records of 500 others. Some of the findings are described by Major Mayer in an address entitled "American Prisoners and Communist Brainwashing."

At the beginning Major Mayer says, "The team had the overall preconceived idea as to what brainwashing was. It was a process of torture, degradation and brutalities of every kind. And they found that through conditions to the prisoners of war camps were apparently better than 90 per cent of the prisoners were given such treatment. For to come him directly brainwashing is a process of education in the theory of a way of life based on perfectly familiar and completely sound principles of psychology and psychiatry."

The Americans chosen for this process were to be held a long time. They were followed by a thorough examination period. This was on each and every day in accordance with the Chinese process that left the prisoners' dip of water will wear away the hardest stone. Additionally, they were rewarded and punished were used. Prisoners were told to distrust one another and it was awfully argued that they were "classified" as an enemy war. They were a portion of prisoners succeeded. And that process was alarmingly high. When success was achieved by the Chinese, Major Mayer states, "Prisoners became willing to do anything without confidence in themselves or their fellow."

It is a good one was partly but only partly the fact of military training. The prisoners said in

ly delineated the result so that we could see the outlines of a trench in which the wooden posts of a wooden building had been placed. It seems miraculous that such things can be seen after all these years.

Another day we dug in a deep hole with real shovels—mind you at the bottom of which we found honest to goodness post holes. I still think that Tom Birley manufactured them! Another day we came to a Roman road base. I now understand why the Roman's roads were so good. We tried to go through the cobbles with a pick. It took some concentrated effort, believe me!

We had some good lectures as well, because THE Professor Richmond was there. I am so glad that I went, for I can now see why an archaeologist becomes so interested in his subject. Dig a little, find a little. You want to keep on digging. It's a disease, I am quite sure. My back is so lame! Carrying my rucksack was just child's play today.

July 3. This is really the first time that I have felt like a full-fledged tourist in England. There is one major difference. In England I know the language, at least one version of it!

Saturday morning I packed up my rucksack at Cambridge and hoped a bus for Newcastle. Much to my surprise I then caught the right bus for Gatahead (without taking the train first!) where I was able to find the Stoke's above quite easily. Naturally Jennifer wasn't there, so Chris and Penelope with John's help made me stay. By the time

TODAY'S meditation

Thursday, July 28
Read I Corinthians 13:1-13.
Make love your aim. (I Corinthians 13:1, RSV.)

A YOUNG woman told the story of her married life. Her husband had been an orphan who never had a chance to go to school or to learn a trade. He earned little money. He trusted her with all he earned. He did not drink, and never went out for pleasure without her.

She said, "Do you think it hurts me because he cannot give me fine clothes, when every day he tells me I am the best gift God ever gave to him? Do you suppose I mind working to help a man like that? His love makes everything worth while."

Paul says much the same thing—love makes everything worth

while. Jesus summed up religion in the word love—love to God and love to man. Christianity places love at the apex of life. It is the highest and noblest of all virtues. Indeed, all virtues are included in love. Faith is its foundation, hope its incentive. Love believes to the uttermost, and always hopes for the best.

Prayer
Our Father, we pray that Thou wilt shed Thy love in our hearts. Use us to encourage and lead others to seek and find Thee also. Help us all to learn to love Thee with heart and mind and soul and strength, and our neighbour as ourselves. In Jesus' name. Amen.

'THE AMERICAN WAY'

The Devil Gets Another Laugh

by
Dr. Alfred
P. Haake

EDITOR'S NOTE: Alfred P. Haake, Ph.D., is a noted economist, public relations consultant, author and lecturer.

The number when we opened, telephoning Americans with our penchants for casting leaves of bread on the waters for later, crumbly returns, will ever realize the difference between being charitable or cooperative and being just a plain ally.

There was a time when it was understood that for the United States to come to the aid of Tito, when the recently debunked and exonerated Stalin expelled Tito from the "Communist family" in 1948, there was danger of invasion of Yugoslavia by the Communist-controlled neighbors—Rumania, Bulgaria and Hungary (each an invasion was highly distasteful to people of all of us and could have resulted in another world war).

The help we then gave Tito, and of which he was in such desperate need, was given without condition or consideration. That was the error. We asked no questions or terms, but just opened our hearts and pockets to the cause of a dictator of Yugoslavia, despite the warning of our young American citizens who felt their heads because of weather and flew over Yugoslavia. We accorded to the new rulers of American mothers the same critical lack of moral consideration which we showed for Tito when that country was added down the street of Yalta.

As we built up Tito as a hero, the highway against communist aggression, a careful future ally against a step to the back through Yugoslavia. Well over a million dollars have been poured from the pockets of American taxpayers as a gift to staunch Tito.

And now we have our reward. Tito's behavior has turned to a chaotic mess and past and present allies are being asked to contribute to the cause of a dictator who has been isolated by the United States. Tito's attitude of contempt for the American people is now being exposed. Tito's attitude of contempt for the American people is now being exposed.

It is now a full-fledged and entirely controlled member of the communist gang and has lost all of its prestige. The American people have been misled and we have been misled.

There is no doubt that the American people have been misled and we have been misled. The American people have been misled and we have been misled.

The American people have been misled and we have been misled. The American people have been misled and we have been misled.

The American people have been misled and we have been misled. The American people have been misled and we have been misled.

The American people have been misled and we have been misled. The American people have been misled and we have been misled.

The American people have been misled and we have been misled. The American people have been misled and we have been misled.

The American people have been misled and we have been misled. The American people have been misled and we have been misled.

The American people have been misled and we have been misled. The American people have been misled and we have been misled.

LADD - RAYE

Miss Joyce Carolyn Raye, daughter of Mr. and Mrs. Samuel Raye, became the bride of Arthur Ladd, son of Mr. and Mrs. Chester Ladd, at a double ring ceremony performed by the Rev. Harold Young, at the Ladd home, Rumford Point, on Sunday, July 1st, at 1 o'clock. The marriage vows were exchanged beneath an arch, with bouquets of peonies and syringas on each side, and a bough banked mantel in the background.

The bride, given in marriage by her father, wore an ice blue ballerina length gown with matching shoulder length veil, which had a white net half-hat decorated with small flowers, and carried a bouquet of roses and sweet peas.

Miss Dorothy Williamson, Rumford Point, niece of the bride, was maid of honor, and wore a pink ballerina length gown, carrying a bouquet of daisies and sweet peas. The bride's mother wore a brown and tan dress, with beige accessories and corsage of yellow carnations. The mother of the groom wore a navy blue and white dress with a corsage of red carnations.

Arthur Ladd, South Bethel, Mass., a classmate of the groom at the University of Maine, was best man.

EMPLOYERS OF FOUR OR MORE SUBJECT TO EMPLOYMENT SECURITY LAW

The Maine Employment Security Commission has just announced that Contribution Reports for the quarter ending June 30—for employers subject to the provisions of the Employment Security Law—are due and payable on or before the last day of July.

Under changes made in the Law by the last Legislature, employers with 4 or more employees are now subject to the provisions of the Law and must pay contributions. Many of these employers—having 4 or more employees for 20 days each day in a different calendar week during either 1955 or 1956—may not have been declared subject to the Law and should immediately advise the Commission. Previously, only those with 8 or more employees were subject to the provisions of the Employment Security Law.

Therefore, the Commission is making this public announcement of the due date to remind all employers—particularly those newly-

subject employers and thus enable them to avoid the penalties imposed for late filing. The Law says: "When contributions are not paid when due, the Commission shall assess a penalty of 5% of the amount of the contributions but such penalty shall not be less than \$5.00 nor more than \$100.00." All contribution payments are made direct to the State Office of the Commission in Augusta.

Mr. and Mrs. Ralph Thurston, Frederick and Deborah Ann Milligan, Rumford Point; Donna Thurston, Mr. and Mrs. Dana Putnam, Miss Carol Putnam, Miss Leah Drapau, Rumford Point; Mrs. Charles Burnham, Guy, David and Melvin Burnham, Haverhill; Mr. and Mrs. Hermon Thurston and son, North Bethel; Mr. and Mrs. Marilyn Thurston, Larry and Louise Thurston, West Paris; Mr. and Mrs. Paul Lake, Peggy and Franklin Lake, East Boothbay; Mr. and Mrs. Harold Hanson, Lee Hanson, of Poland; Lydia Beauchamp, Mrs. Russell Washburn, Rumford; Mr. and Mrs. Leon Caron, Lewiston; Mrs. George Schools, Portland; Mr. and Mrs. Anthony Almeida, Shrewsbury, Mass.

Maine homemakers will find Circular 258, "Food Guide for Maine People," a big help in planning balanced meals for their families. County Extension Service offices have copies.
